INDEX OF ABSTRACTS OF TUBERCULOSIS

Abortion among tuberculous cattle, 14
Absorption from lower respiratory tract, 28
—— of iodized oil in lungs, 60
Accessory phrenic nerve in animals, 27
Acid-fast bacilli, Serological relationships of, 40
—— ——, Transmutation of saprophytic into pathogenic, 41
Acoustics of breath-sounds, 48
Action of metallic salts on growth of tubercle bacilli, 43
Activation of complement-fixing antigens by lecithin, 66
Active tuberculosis, diagnosis of, Serological, 65
—— ——, —— ——, Tubercumet in, 61
Acute progression of pulmonary tuberculosis following trauma, 8
Adams, A. Present outlook of voluntary sanatoria in England, 83
——, ——. Progress in tuberculosis, 1
Adenopathy, tracheobronchial, Tuberculous, in children simulating asthma, 12
Adhesions, pleural, in pulmonary tuberculosis, Pathology of, 26
Adrenal tuberculosis with involvement of stomach, 77
Adsorbents, Effect of, on tuberculin, 37
Adult pulmonary tuberculosis, Etiology of, 6
Adults, Tuberculin reaction in, 61
Advanced pulmonary tuberculosis, Duration of disease in, 23
Afebrile tachycardia in early pulmonary tuberculosis, 45
After-care of tuberculosis, 84
Air embolism complicating thoracic surgery, 93
Allen, G. W. Urban workshops for tuberculosis patients, 86
Allergy, bacterial, Analysis of, 32
——, Influence of measles on, 34
——, leucocytes, and red-cell sedimentation, Effects of tuberculin on, 35
Allison, R. G. Resolution of pneumonic consolidation by X-ray, 56
Alps, Climate of, in summer and winter, 84
Amphoric breathing, 50
Amyloid disease, diagnosis of, Congo red in, 62
Analysis of bacterial allergy, 32
Anaphylaxis, Tuberculin reaction and, 34
Anatomico-pathological classification of pulmonary tuberculosis, 2
Anatomy, pathological, German conceptions of, 16
Animal serum, Treatment of surgical tuberculosis with, 91
Animals, Accessory phrenic nerve in, 27
——, domestic, Eradication of tuberculosis among, 15
Ankylosing operations in tuberculous spondylitis, 71
Antibodies and antigen in blood and pleural fluids, 39
Antigen in blood and pleural fluids, Antibodies and, 39
——, Methylic, in complement fixation and experimental tuberculosis, 66
Antigenic function of bacterial lipoids, 38
Antigens, complement-fixing, Activation of, by lecithin, 66
Antilipoidal sera, Bacterial lipoids in production of, 38
Antituberculosis work, Modern, 4
Apathogen, Treatment of experimental tuberculosis with, 90
Apical location, 24
Archibald, E., and Brown, A. L. Dangers of lipiodol, 59
Arloing and Dufourt. Heredity of tuberculosis, 5
Armand-Delille and Vibert. Lipiodol in diagnosis and treatment of bronchial disease, 59
——, Vanbockstaele and Panier. Artificial pneumothorax in infants, 9

Arnstein, A. Reactivation in tuberculosis, 7
——, ——. Tuberculous lymphomata causing paralysis of phrenic and recurrent nerves, 70
Aronson, J. D. Tuberculosis in marine fishes, 16
Arrested tuberculosis patients, rehabilitation of, Boston Placement Committee in, 85
Artificial pneumothorax, contralateral lung in, Signs of false consolidation in, 95
—— ——, Hemostatic, 94
—— —— in infants, 9
—— ——, Indications for, 93
—— —— of both lungs at different times, 94
—— ——, Pleural effusion in, 94
—— ——, —— fibrin flakes in, 95
—— ——, Posture in, 94
—— ——, Tubercle bacilli in effusions in, 95
Asthma, Tuberculous tracheobronchial adenopathy in children simulating, 12
Aubriot, P. Tuberculosis of thyroid, 67
Augustine, D. L., and Smillie, W. G. Vital capacity of Negro race, 32
Auscultatory percussion, 51
Auto-serum and blood, Treatment of pulmonary tuberculosis with, 90
Axillary temperature during tuberculin reaction, 61

Bacilli, acid-fast, Serological relationships of, 40
——, ——, Transmutation of saprophytic into pathogenic, 41
——, tubercle, Cultivation of, by Löwenstein-Sumiyoshi method in diagnosis, 52
——, ——, dead, Immunity experiments with, 39
——, ——, Demonstration of, 52
——, ——, growth of, Action of metallic salts on, 43
——, ——, in effusions in artificial pneumothorax, 95
——, ——, —— tuberculous pus, 52
——, ——, living, Treatment of tuberculosis with, 90
——, ——, Method for counting, 42
——, ——, Survival of, in physiological salt solution, 42
Bacillus, tubercle, Diagnosis of tuberculosis by cultivation of, 52
——, ——, Human, isolated from disease in horse, 15
Bacillus, tubercle, Mutation forms of, 41
Bacterial allergy, Analysis of, 32
—— lipoids, Antigenic function of, 38
—— —— in production of antilipoidal sera, 38
